

ROCKER COVER RACING

Rocker Cover Racers are, as the name implies, a rocker cover with wheels attached, which is propelled solely by gravity down an inclined track. However, the rocker covers can be as elaborate as the builder can design and make, within the guidelines set out below:

Rocker Cover Specs

Max width	38cm (15")
Max Height	25cm (10")
Max Length	76cm (30")
Max Weight	4.5 kg (10 pounds)
Max Height of front	70mm

Overall Track Specs

Width	102cm (40inches)
Length	813cm (32 feet)
